Painter, E. O., Fertilizer Company. We received a letter from C. J. Baxter, President of the Company, located at Jacksonville, Florida, and states that they are dealers in agricultural chemicals and all fertilizing materials. Furthermore, he states, that he is not able to give a current value of the stock for their business is seasonal and such will not be reflected until the preparation of their annual statement covering the fiscal period ending April 30th. The company is operating under prevailing conditions of course more or less handicapped by reason of lack of liquid working capital, with nevertheless an enviable patronage and one which the possibilities of enlarging could be termed very bright. Some stock sold at $2.50 per share although there have been no recent sales made.

Palisade Picture Corporation. Incorporated — South Dakota. Mrs. James S. Sebree, widow of one of the incorporators of the company, informed us that Mr. Sebree died in 1929, and that she knows nothing about the value of the stock. If the shares had any value, we believe Mrs. Sebree would remember it. The New York Copartnership Directories from 1923 to 1926 does not list the said corporation as a going concern. It is our opinion that the company was short lived and passed out of existence. In view of the above we do not believe the shares have any value.

president, Niagara Falls, Ontario. Property—The T.C. 177 claim, near the Miller Lake O'Brien Mine, formerly operated by the T.C. 177 Mining Company. Several veins are said to have been opened to a depth of 200 feet and low-grade silver ore found, though but little of it is of commercial grade. Inactive for several years. The only quotation we found was when 10,000 shares were sold at auction for $50, the lot by Adrian H. Mueller & Sons, on December 30, 1922. There is absolutely no market for the stock. It is our opinion that the shares have only a nominal value.

Palmetto Press, Inc. Incorporated in New York State and had an office at 334 Fulton Street, Brooklyn, New York, in 1922, and is at present located at 300 Washington Street, Brooklyn, New York. Directors: Charles M. Singer; Philip Isaacs, 152 W. 42nd St., N. Y. C.; Samuel Newmark, 255 Broadway, N. Y. C.; William T. Thrush. Mr. Thrush informed us that the company is very active and doing about $3,000 gross business per month. The books are open to the stockholders. He was under the impression that the stock was lost on its way from Germany and could not be traced. The company has never paid any dividends nor do we know of any market for the stock. Except for the stock your client holds, Mr. Thrush is the only other stockholder.

Panama Mining & Reduction Company.	Incorporated in Illinois and was dissolved on December 8, 1920. We have searched our mining records and private files back to 1900 and failed to find any record of this company's operations. We have found no evidence that the stock ever had a value. It is our opinion that the shares are worthless.

Pande Basin Gold Placer Company.	Incorporated in West Virginia in April, 1898. Capital stock authorized, $2,500,000 par $1. Property—Company claimed property in 1901, as located in Pande Basin District about 12 miles from Sitka, Alaska.	

Name	Date Charter Forfeited	Vol.
Officers (1901)—Henry M. Robert, president; H. S. Martin, secretary; Martin E. Weldstein, treasurer. Office (1901)—20 Broad Street, New York City. We find that in 1901 this property was reported as unsuccessful, as it was mostly covered by glaciers and had proven very hard to develop. In September, 1909, a stockholder having 200 shares claimed the stock to be of no value, and as the property has not been in operation for many years and was never more than a prospect, we believe these shares to be worthless.

Paralta Plays, Incorporated. Incorporated in New York State in 1917 and was located at 1440 Broadway, New York City. The company made an assignment for the benefit of creditors and the law firm of Keppler & Hochman, who represented one of the creditors, sent us the following information in 1920: "This corporation got into serious financial difficulties in 1918 as a result of which it finally was compelled to assign all its property to a committee of creditors which was organized to prevent a bankruptcy. The corporation owed over $400,000 to secured creditors and about $120,000 to unsecured creditors. Its only assets consisted of twenty-two motion pictures which were being distributed throughout the world. These pictures are only worth the amount that will be realized from this distribution. At present the corporation owes about $110,000 to the unsecured creditors and we believe somewhere in the neighborhood of $50,000 to the secured creditors. The pictures will in all probability, bring in sufficient money to pay off these amounts, but whether there will be anything left over for Paralta Plays, Inc., or not, and if so how much, is very difficult for us to say at this time. It is our opinion however, that Paralta will not realize very much after all the debts are paid." Mr. Tobias A. Keppler of 25 W. 43rd Street, New York City, informed us that the creditors were not paid in full, leaving no equity for the stock, which is without value.

Paramount Fuel Oil Burner, Inc. The Secretary of State of New York reports that he has no record of a corporation of this name and have found no record of this company's operations. However, we did find that on Dec. 21, 1927, 50 shares of preferred and 50 shares of common stock were sold at auction at $2.00 for the lot. We have searched our directories since 1925 and found no trace of Fred. B. Robertson, vice-president, and F. M. Ritzmer, treasurer. It is our opinion that the company is out of existence and the shares worthless.

Paris & Danville Railroad Company. This company was incorporated March 26, 1859; built a road from Danville to Lawrenceville, Illinois. It was sold under foreclosure in June 1879, and the property conveyed to Danville & Southwestern Railroad Company. The Danville and Southwestern operated until October, 1881 when it was merged with others into the Wabash, St. Louis & Pacific Railroad Company. This company went into a receiver's hands in May, 1884, and in 1889, following sale under a divisional mortgage, the Cario Division was conveyed to the Cairo, Vincennes & Chicago, which company was later taken over by the Cleveland, Cincinnati, Chicago & St. Louis Railway Co. In view of the above we believe that there can be no value to the Paris & Danville stock.

Park Estates Corporation.	Incorporation in New York and was engaged in the real estate business with an office at 485 Madison Avenue, New York City. This corporation was closely connected with the Estates Security Corporation. When the latter company went into receivers hands, the Park Estates Corporation was in a worse position than the Estates Security Corporation. Everyone who put any money into the company lost every cent. The Park Estates Corporation owned some deeds that were sold to pay off the labor and nothing was left to pay anything on the stock, which is a total loss.

Parkville Smelting Company. Incorporated in Colorado and owned a number of mines and prospects in Saguache County, Colorado in 1906. Truman H. Baldwin, President; Edward E. Sage, Vice

President; George E. Baldwin, Treasurer. Office in 1906—29 Broadway, N. Y. C. Most of the company's stock was issued for stock of older companies from whom the property was bought and as a result the company had the property but no cash to work it. The company apparently was unable to obtain more capital in 1907 at which time they abandoned their office in New York. Our mining records for 1905 to date do not list this company. Evidently the company never progressed beyond the development stage. The shares were reported as worthless in 1908 and submit them as such as of this time.

There are outstanding options or warrants evidencing the rights of holders thereof to purchase at $30.00 a share at any time prior to April 1, 1934, 150,000 shares of Common Stock. These warrants have no value now, as the Common Stock is selling on the New York Stock Exchange at ½ to ⅞ per share. The stockholders will probably have a long wait before the Common Stock sells above $30.00 a share, in order to exercise their warrants. The warrants have no value at this time.

Partout Touring, Inc. Incorporated in New York State March 30, 1927 and was located in New York City. Certificate of Dissolution was filed March 21, 1929. The company evidently was a failure for we found no record of the company's operations nor any evidence that the stock ever had a value. It is our opinion that the shares are without value.

Pat Marr Company. A trust estate recorded in Union County, Arkansas, under date of December 11, 1922. We are advised that all of the Pat Marr companies have ceased to operate except under a receivership, and according to the best information we can get shares in his companies do not have very much, if any, value. There is no market for same at the present time.

Pat Murphy Gold Mining Company. Incorporated under the laws of Iowa on March 23, 1887 and its corporate period of existence expired on March 18, 1907 and to date has not been renewed. We find no trace of the company for a long time and believe it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Patterson Bros. of Chapel Hill, Inc.	N. C. 1917.	
Patterson Brothers Tobacco Co.		1
Patterson Brothers Tobacco Company, Incorp.		2
Patterson Brothers Tobacco Corporation.	Incorporated 1922 as a reorganization of an old company by the same name. About 5 or 6 years ago this corporation went into bankruptcy and we are informed that even creditors were not paid in full. It is apparent then that the stock is worthless.

Peer Oil Corporation. Organized in Texas in 1923. Capital, 1,000,000 shares common, no par value, all issued; 50,000 shares preferred, par $100, 30,000 issued. Officers in 1928—H. J. Fox, Jr., chairman of board; R. L. Young, president; H. L. Maurer, vice-president; W. H. Latimer, secretary and treasurer. We are advised that during January, 1928, substantially all of the producing property of the Peer Oil Corporation (Delaware) had been acquired and was owned by its subsidiary, the Peer Oi Corporation of Arkansas. We were told that during that month a receiver was appointed for the Arkansas Corporation, and that this took from the Delaware company its current income, it being no longer in a position to maintain an active organization. It is understood that subsequently an application was made to a Federal court in Oklahoma for a receiver to be appointed, but nothing further was done in that connection, as the Delaware company had no substantial assets to be administered. While our informants did not know the status of the Arkansas receivership, they understood that it was very doubtful if he crediors would receive the amount of their claims. It was also mentioned that the creditors of the Delaware company had not attempted to collect anything on their debts, as practically all of its remaining assets consisted of non-producing leases that have since expired.

Bashford, Wilkes Barre, Pa.; Treas., Eugene Frost, Wilkes Barre, Pa. Office: 22 N. Franklin St., Wilkes Barre, Pa., also Corporation Trust Company of America, duPont Bldg., Wilmington, Del. We have received information from the treasurer who advises us that there is no active trading in the preferred stock as far as he knows. But the stock is well worth par value. They know of some people who are offering as much as $5 per share for the common stock, and he believes if you have any of the Peerless Common Stock you can readily dispose of it for a price as much as $5. We therefore suggest you communicate with Mr. Eugene R. Frost at Wilkes Barre, Pa. (1929).

Pehl Body Company.	Incorporated in Missouri and was located at 10th & Euclid, Kansas City, Mo. The company lost its charter on Jan. 1, 1924 for failure to file their report for 1923. F. L. Woodward, Pres., Tom Moonlight Murphy, Sec'y. We forwarded letters to each of the above officers on Oct. 9th, and our letters have not been answered nor returned. We have made a thorough search of our records and can find no evidence that the shares of this company ever had a value. It is our opinion that the shares are worthless.

Pendleton Gold Mining Company.	Incorporated in Washington in 1920. Capital, $500,000, par $1. Address—G. W. Pendleton, president, Dease Lake Cassiar, British Columbia. Property consists of lease 69 at China bar, 11 miles up from the mouth of McDame Creek, in Dease Lake section, Liard division. Pit operations were started early in 1925 and a little gold was recovered. Excess of water has handicapped the work. We find no market for the stock at the present time. For further information we refer you to the company address.

Peninsular Railroad (Michigan). Value of First 7% bonds due 1899. Interest defaulted in 1873. This road was consolidated as Chicago & Lake Huron Railroad in 1873, which went into receivers hands in 1874. The property of the Peninsular Railroad

was sold for $300,000 which did not cover preferred expenses. The company was reorganized as the Northwestern Grand Trunk Railway Company and again as the Grand Trunk Railway which is now part of the Canadian National Railways. The latter company informed us that the property on which these bonds were secured was sold on three occasions as a result of foreclosure proceedings due to default in payment of interest on the company's bonds. The bonds in question have no lien whatever on the original property and therefore have no value.

Penmar Oil & Gas Company. We understand this company was organized by some of the former stockholders of the Triple O Oil Company for the purpose of buying in at foreclosure sale practically all of the Triple O assets. The Triple O stock was at that time entirely worthless. Since the organization of the present company its stock or securities have not been upon the market. None of its stock was being dealt in on or near the date which you mention nor were any negotiations being conducted, so far as we know, for the purchase or sale of any of its stock. Since the organization of the present company it has been conservatively managed and every effort made to salvage something for the former stockholders of the Triple O who participated in the organization of the new company but up to the present time the company has been unable to pay any dividends on either its common or its preferred stock. Under the circumstances you will readily realize that the value of its stock is very problematical. (1929)

Penn Forest Coal Company. Incorporated — Delaware. Last reported officers—Pres., H. Geo. Stimson, 40 So. 7th St., Phila., Pa.; Vice-Pres. & Treas., Rollin P. Heishy, 420 N. 53rd St., Phila., Pa.; Sec., L. P. Kuhn, 3818 N. 53rd St., Phila., Pa. In January, 1929, the charter of this company was forfeited for non-payment of taxes. We are advised as follows by the former President of this company: "All stockholders of record were notified that the Supreme Court of Pennsylvania decided adversly in a case of exactment on May 10th, 1927, and all machinery, buildings, etc., according to the coverments of the Lease, which we had observed for a period of twenty-two years, reverted to the Lessors; thereby leaving the Penn Forest Coal Company without assets. All who purchased or owned stock of the company lost the value of their holdings; because the aforesaid decision rendered this stock valueless."

Penn-Louisiana Natural Gas Company. The company is located at 1247 Commercial Trust Bldg., Philadelphia, Penn. There is no market for the 7% debenture bonds and according to reports their value is very questionable. There were only ten of these bonds sold, the balance being put up as collateral. The company seems anxious to know who the present holders are of these bonds. We refer you to Mr. H. S. Goodwin of the company for a possible market for the bonds.

Penn Nevada Corporation. Incorporated in Colorado and is in good standing with the state authorities. We respectfully refer you to Geo. F. Dodge, Independence Building, Colorado Springs, Colorado. On December 18, 1929, 10,500 shares sold at auction for $55 the lot. It is our opinion that the shares have only a nominal value.

Penn-Nevada Gold Mining & Milling Company. Incorporated in Arizona 1905 and since that date has failed to file annual reports or pay fees. Accordingly we are unable to find any trace of the company for a long time and believe it went out of existence many years ago. On July 8, 1930 its charter expired by limitation. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Penn Seaboard Steel Corporation. Incorporated Dec. 6, 1915, and was located at Philadelphia, Penna. On July 30, 1927, receivers were appointed. In Sept., 1928, the Tacony plant, held for sale at $750,000 was sold to Girard Smelting & Refining Company, Ontario. October 5, 1929, the New Castle plant was sold for about $160,000 to H. A. Robinson of Philadelphia. According to Moody's Supplements, on Feb. 7, 1931, the company had sold its Baldt plant at New Castle to the Intercontinental Pipe & Mining Company. There were outstanding $467,700 of 8% cum. pfd. stock of the Tacony Steel Company that had preference as to assets and dividends. As of Dec. 31, 1929, about 68% dividends on this issue remained unpaid. On Sept. 25, 1929, 20 shares of preferred stock of Tacony Steel Corp. were sold at auction at $11 per share. In view of the fact that the company had not disposed of its remaining property until Feb. 7, 1931, we are of the opinion that the stock was not deductible as a loss until them. Therefore it is our opinion that the shares of the subject company became worthless in 1931.

Penn Seaboard Steel Corporation. Supplementing the report given in the Marvyn Scudder Manual, Volume III, we were advised that the assets of this company have been liquidated and the cash realized was insufficient to pay the general creditors leaving no equity for the capital stock which is without value. Therefore, we submit the shares as worthless.

Penn Valley Petroleum Corp., Bradford, Pa. Organized Delaware 1926 and had an office at 27 William St., New York City, in 1926. Asher R. Johnson, Pres.; Harold D. Yates, Vice Pres. Not listed in 1928 Petroleum Register. Office in New York discontinued 1927. Delaware charter forfeited 1929 and proclaimed in 1930. Stock last quoted in 1926 at 1⅛. No market since then. The company probably forfeited its property to bondholders. The stock had no value in 1927 and believe it should have been deducted as a loss for that year.

Penn Zinc Company. Incorporated—Missouri. Capital Stock—$100,000. On January 1, 1921, the charter of this company was forfeited for non-payment of taxes. The officers according to the last report of 1919 were as follows: B. N. Park, President; E. W. Snook, Secretary. We are unable to find any trace of this company since 1919 and believe it went out of existence about that time. There is absolutely no market for the stock, which we believe valueless at the present time.

Pennsylvania Lehigh & Eastern Railroad. Incorporated—Pennsylvania, June 18, 1889. There are outstanding $450,000 principal amount of bonds; there appears to have been a default in the payment of the coupons April 1, 1891. In 1894 they were taken over by the Delaware & Anthracite Railway Company, which road was abandoned in 1900. According to records it appears that neither of the roads were built. As far as we can ascertain there is no market for the 5% First Mortgage Bonds, which we believe have only a nominal, if any, value at the present time.

Pennsylvania Synthetic Gas & Chemical Company. Incorporated: Delaware, 1921. We do not locate any present market for the stock. On December 22, 1922, 1000 shares sold at 100 for the lot. On January 10, 1923, 200 shares were offered at $3, receiving no bids. The last quotation we have record of occurred on June 17, 1926, when some of the shares were offered at market, also receiving no bids. This company as of December 8, 1924, entered into a lease with the Ford Gas & Oil Co. of Philadelphia, for a term of years, under which the entire property, plant and equipment was leased to the latter named company on the basis of a fixed rental of $3,000 a year, plus a percentage of the profits of the Ford Gas & Oil Co. The terms of this lease have been complied with and the income from the lease has resulted in an annual reduction of the operating deficit existing on the books of this company at the time the lease was entered into. The company has not paid salaries for a number of years, its only expense being mortgage interest and taxes, etc.

Pennsylvania & West Virginia Railroad Company. We are unable to ascertain whether or not any person or firm succeeded Alvoni R. Allen as Trustee for the mortgage bonds of the above company. However, we have the following information concerning the company which may aid you. We find upon investigation that the Pennsylvania & West Virginia Railroad Company had outstanding $356,000 par of its 6% Bonds; that foreclosure proceedings were instituted in the Court of Common Pleas, Bedford County, Pennsylvania, No. 113. November term, 1892, and that the road was sold on June 26, 1893, for the sum of $12,100 to satisfy a judgment of $6,773.02 and interest. We are unable to advise you as to the disposition of the proceeds of the sale after satisfaction of the judgment, but, from the facts as stated above, we would presume that the bond in question is of no value. For your further information we would advise that this railroad, after several subsequent reorganizations, consolidations and foreclosures, became a part of the Hollidaysburg, Bedford & Cumberland Railroad Company which was acquired by The Pennsylvania Railroad Company in 1914.

Pensacola & Atlantic Railroad. The property of the Pensacola & Atlantic Railroad Company was sold under decree of court on May 4, 1891, to satisfy the second mortgage in which the company was in default. The purchaser assigned his bid to the Louisville and Nashville Railroad Company, and the property was subsequently conveyed to the Louisville & Nashville Railroad Company, and is now operated as part of its system. The stock certificate you hold has no value.

Peoples Stores Corp. This company was originally incorporated in South Dakota under the name of Peoples Five & Dime Stores Corp. An amendment changing its name to Peoples Stores Corp. was filed December 15, 1914. The place of business was Chicago. The company incorporated for a period of 20 years and its charter expired by limitation in 1926. We do not know of any market for the stock of this company and believe it without value at the present time. The two stores now operating in Chicago as Peoples Stores are local companies.

Peoples Stores Corp. S. C. 1926.

Peoples Street Railway Electric Light & Power Co. Incorporated in March 2, 1889 in Missouri and was located at St. Joseph, Missouri. Affidavit of dissolution was filed on July 15, 1893. The St. Joseph Traction & Lighting Company was chartered in 1893 to purchase and operate the subject company, which was sold under foreclosure of mortgages on May 16, 1893. There were insufficient funds to satisfy the mortgages in full, leaving no equity for the capital stock, which is without value.

Peoria Gold Mining Company. Incorporated—Oregon, February 10, 1902. Incorporators: Robert Francis, Grant County, Oregon; Orange S. Tullis, Grant County, Oregon; Henry W. Wells, Peoria, Illinois. On October 12, 1903, O. S. Tullis wrote a letter stating that the corporation was bankrupt. Accordingly on January 20, 1906 the charter of the company was forfeited for non-payment of taxes. We find no trace of the company since 1906 and in view of the above believe its stock without value at the present time.

Perfected Rotary Engine & Power Company. The Corporation Commissioner of Oregon reported that their records do not show that there has ever been an Oregon corporation by the name of the Perfected Rotary Engine & Power Co., nor has there been a foreign corporation of that name authorized to transact business therein. We have searched every financial service for a number of years back and failed to find any record of the company or any quotations of its stock. In view of the above we do not believe the shares of the Perfected Rotary Engine & Power Company have any more than a nominal, if any, value at the present time.

Perkiomen Land Improvement Co.	N. J. 1930.	
Perkiomen Oil Company.	Incorporated in Pennsylvania, and had an office in Philadelphia in 1865. The property of the company was located in Venango County, Pennsylvania. It seems that the company was a complete failure from the beginning for their last report was filed in 1866, one year after their incorporation and lost their charter in 1883. The Court of Venango County, Pennsylvania, has no funds for his stock and it is our opinion that the shares are worthless.

Perry Buxton Doane Company, The. This company is located at Boston, Mass., and is engaged in the iron and steel scrap business. The common stock was last quoted on March 5, 1932, at $1.00 a share bid. There is absolutely no market for the stock at the present time. The company informed us that the common stock has no present market value on account of the general prevailing conditions. In 1930 the book value of the preferred was less than par, and believe it much less at the present time, leaving no equity for the common stock. We believe that 50 cents a share would be fair for the common. (1932)

Peru-LaSalle Gas Light & Power Company. We find that only the physical properties of the above named company were taken over by the Citizens Lighting Company of Illinois. Later we find that the latter company was merged with the Illinois Power & Light Company. According to our records the company went into receivership in 1903 and we believe it was at this time that the sale of the property took place. The Illinois Power & Light Corporation advises us that they have no records showing that any money was paid on the bonds. It seems evident that since only the physical assets of the company were taken over, the bonds have no value. As far as we can ascertain there is no market for them at the present time.

Peru-Para Rubber Company. Incorporated in the District of Columbia. Some years ago, when the Financial World was being published in Chicago, there was launched in that city the Peru Para Rubber Company in which a number of local newspaper men, among whom even were close friends of the publisher of this paper, became enthusiastically interested. They could see nothing in the future but great riches which were to flow into their pockets in a steady and increasing stream as soon as their company could make arrangements to bring down rubber from the upper tributaries of the Amazon, load it on steamers and send it to the markets of the world. At that time London was not yet in the vortex of the rubber boom which suddenly collapsed a short while ago, so that these men were at least pioneers in their field of exploitation. Notwithstanding that friends of The Financial World were sincere in their belief that they had a great project, this paper felt itself in duty bound to comment unfavorably and show up the weakness of the project, much to the annoyance of these very friends. But time, which judges correctly all things, has justified The Financial World's attitude. The very people who had figured upon retiring in a few years and long before active minds think of ceasing work, to enjoy their millions, have abandoned that hope. The Peru Para Rubber Company is now trying to keep itself afloat by an effort to assess its shareholders, but its struggle is such an uphill task that it must inevitably succumb. The sad outcome of this enterprise, with its shattered hopes, merely teaches an old lesson that newspaper men should stick to their profession, as the shoemaker to his last. The Peru-Para Rubber Company built a road in Peru some years ago for which the government was to give it a large concession of rubber lands. It appears that a tract of 288,000 acres has been earned, but that thus far the government has delayed to avoid giving title. Officials of the company expect the title to be granted soon, but of course this is not certain. In the meantime the stock of the company is purely speculative. The company has an authorized capital of $3,000,000, par value of shares $10. About one-half of the stock is now outstanding. As far as we know the company never received title and the shares became worthless. Our above statement is proven by the fact that 1000 shares were offered at 3 cents in 1923 with no bids.

Petaluma Fruit Packing Company. Incorporated in California May 23, 1893, with a principal place of business in San Francisco. We have been unable to find any trace of this company for a long time and believe it out of existence a great many years. On December 14, 1905 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

We find that this company forfeited its charter on August 23, 1909, for failure to pay annual license fees, and since that time we are unable to find any trace of it. As far as we can ascertain there has been no market for the stock of this company for a number of years. It is, therefore, the deponents belief that this stock is valueless at the present time.

Philadelphia Cobalt Mining Company. Incorporated in Maine. Capital, $2,000,000. Par value, $1. This company was taken over by the Big Fissure Mining Company, Ltd., which was incorporated on Mar. 20, 1908, at Ontario with a capitalization of $2,000,000. On November 3, 1909, the new company was reported defunct and we can find no trace of it since that time. As far as we can ascertain there is absolutely no market for the stock of either company, and which we believe valueless at the present time.

Philips, C. S., Patent Process Tobacco Growing & Curing Co.	Incorporated in New Jersey. Capital $1,500,000. Office—188 Pearl Street, New York City. Officers in 1892: Chas. S. Phillips, President; J. Jacob Van Hovenberg, Secretary; Alfred A. Van Hovenberg, Treasurer. Directors: the aforegoing, Robert E. Van Hovenberg; James G. Scholenfield and Brian C. Hughes. On May 2, 1895, the New Jersey charter of this company was forfeited for non-payment of taxes. We find no trace of the company since that time. There have been no sales or quotations of the subscription certificates or stock of his company for a great many years. Accordingly we submit zero as a fair value for the subscription certificates at the present time.

Philipsborn's, Inc. (Chicago).	Abel Davis of the Chicago Title & Trust Company was appointed receiver for this company July 9, 1925. The liabilities amounted to about $1,000,000 and assets at $750,000. The company suffered severe losses during 1923 and 1924 and a receivership was inevitable. We do not find the amount the creditors received but it is our opinion they were not paid in full and the shares are worthless.

Phoenix Mortgage Company. Incorporated in New York. Capital, $1,000,000. Address, 10 West 47th Street, New York City. Officers: Paul A. Koch, president; H. C. Marsh, vice-president; W. E. Austin, secretary. This company has paid dividends at the rate of 8% on its preferred stock regularly since its incorporation, as did its predecessor company, the Phoenix Credit & Discount Company, which was incorporated under the laws of the State of New York in 1921, and whose entire assets, subject to its liabilities, were acquired by the Phoenix Mortgage Company in 1924. There is no public market for the stock; all sales have been made privately, the latest at the following figures: $50, or par, for the preferred, and $40 for the common. The authorized capital is 20,000 shares of preferred stock, $50 par value, and 20,000 shares common stock, no par value.

Phyllis Realty Co. Inc. N. Y. 1929.

Phylos Club Company. N. C. 1922.

Physiatric Institute. (6% 2nd Mtg. Gold Bonds, due 6/1/42). We have been informed that Dr. Frederick M. Allen built a massive sanitarium, by which the above bonds are secured, subject to a first mortgage. Dr. Allen is probably the leading physician in his field in the country and is reputed to be extremely able as a physician, but according to reports, he is having difficulty in making this institution pay in order to meet the interest on he first and second mortgage bonds. We have also been informed that there were always matters of principal and interest in default on the first mortgage and other difficulties. It is believed that because of the above reasons and others, the banks in the locality of the sanitarium are unwilling to extend him credit just now. We understand that the chief difficulties were precipitated by an over extension of building activity and

have serious doubts if the real estate could not be sold for a sufficient amount to more than pay for the first mortgage. In the center of the whole parcel of several hundred acres Dr. Allen has this enormous sanitarium and the outlying lands at the present time are not suitable for anything except residences and the near presence of the sanitarium hurts their value, and the environment is not satisfactory. There appears to be no market for these bonds and do not believe they could be sold for more than a nominal figure. Second mortgage bonds of this character are not supposed to be sold and traded like other securities, but held until maturity. Because of the above reasons, there are serious doubts if they will ever be paid. Therefore it is our belief that the market value of the 6 per cent Second Mortgage Bonds of the Physiatric Institute was only of a nominal figure.

Pick, Albert, Barth & Company, Inc. Incorporated in Maryland in 1925 as a holding company and is located at 1200 W. 35th St., Chicago, Illinois. Acquired 99.94% of common stock of Albert Pick & Company. The subsidiaries manufacture furnishings and equipment for hotels, restaurants, etc. In July of 1931 the Chicago Title & Trust Co. was appointed receiver for Albert Pick & Company. This company was reorganized as the Albert Pick Corp. and the assets were transferred to that company. There was no provision made for the stock which is without value. This may be confirmed by the Albert Pick Corporation, 419 Lafayette St., New York City. In view of the above we submit the V. T. C. for common stock as worthless.

Piedmont Tin Mining Company.	This company had an office at Atlanta, Ga., about 1908. At that time Hon. Spencer R. Atkinson was president. We find no trace of the company for a great many years and believe it has gone out of existence. At the time of incorporation the adventure was considered speculative. There is no market for the stock so far as we can ascertain.

Pine Creek Tungsten Company.	Incorporated in Arizona June 27, 1918, and since 1927 has failed to file reports or pay registration fees annually, as required by law. The last known officers were: W. W. Watterson, President, Bishop, Calif.; Lambert Menderson, Secretary, Bishop, Calif. We have searched the mining manuals since 1918 and fail to find any record of the company's operations or any value to its stock, which we believe is worthless at the present time.

Pioneer Coal Company. On July 14, 1911, at Pineville, Kentucky, a big deal in coal lands was consummated, involving thousands of dollars, by which the "Pioneer Coal Company", composed of Louisville capitalists, purchased the Edgewood Coal Company's property. The company also secured leases of the East Tennessee Coal Company. The Louisville people behind the deal were J. B. Speed, F. M. Sackett, R. P. Barnard, W. S. Speed, M. M. Bardwell, and C. S. Neil.

Pittsburg Consolidated Mining, Milling & Tunnel Company. Incorporated in Colorado about 1902 and had an office at 622 Liberty Street, Pittsburgh, Pennsylvania. Property was located in Clear Creek County, Colorado, the ore being free milling gold. Thomas Hannah, former vice-president of the company, now residing at 337 Morewood Avenue, Pittsburgh, Pa., informed us that this company closed out 10 or 12 years ago. The interest was defaulted on the bonds and the properties were foreclosed and sold. The land then passed out of the hands of the mining company leaving nothing for the stockholders. In view of the above we submit the shares as worthless.

Pittsburgh, Shawmut & Northern Railroad. Value of first and refunding 4% bonds due February, 1952. Central Hanover Bank & Trust Co., trustee. Interest in default since August, 1905. Frank C. Masterson & Company, brokers of New York City, quoted these bonds a short time ago at 2 bid, 5 asked. Receiver appointed August 1, 1905. These bonds are a first lien on the capital stock of the Kersey Railroad and the property of the Kersey Mining Company, including 16,000 acres of coal lands in Pennsylvania, and a second mortgage on the properties of the railroad (Pittsburgh, Shawmut & Northern R. R.). As of December 31, 1930, the Kersey Railroad and Kersey Mining Company stock had a book value of $3,450,000. The lien of all receivers certificates are prior to that of all bonds. It is our opinion that the receivers certificates are amply taken care of. Although the book value of stock of the Kersey Mining Company and railroad would be greatly depreciated for the year 1931, it is our opinion that the bonds due 1952 are worth a good deal more than the present market offers (1932).

Pittsburgh & Steubenville Railroad Company. We can find no record of the Pittsburgh & Steubenville Railroad Company ever having issued any 7% convertible bonds. That company did issue $1,000,000 of first mortgage 7% bonds, dated August 1, 1856, maturing August 1, 1881; also $500,000 second mortgage 7% bonds of the same date and maturity, and $1,420,000 6% income bonds, dated August 1, 1862, and maturing August 1, 1877. The road was sold out under foreclosure proceedings on November 6, 1867, for $1,960,000, of which only $25,000 was paid in cash, and the purchaser surrendered the first mortgage bonds and coupons in payment of the balance of the purchase price. The unpaid coupons, with interest, at the time amounted to $865,234.06, which, with the $1,000,000 of principal and costs, amounted to approximately the purchase price. The road was reorganized as the Pan Handle Railway Company, which in turn was merged with the Pittsburgh, Cincinnati & St. Louis Railway Company in 1868. By later acquisitions and consolidations this latter road finally became the present Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company. From the foregoing it is apparent that any issue of bonds of the Pittsburgh & Steubenville Railroad Company now outstanding are of no value whatever.

Pittsburgh Tin Plate & Steel Corp. At the instigation of several of the first mortgage bondholders of the company, the company was placed in receivership on May 5, 1927, Francis H. Game of Columbus, Ohio, and Benjamin B. Putnam of Marietta, being named as receivers by appointment of the District Court of the United States for the Southern District of Ohio. All of the properties were sold at receivers' sale October 13, 1928, for $30,000. The entire properties were covered by first mortgage, under which there were outstanding $260,250 of first mortgage bonds. Therefore, the entire proceeds of the sale necessarily had to be distributed among the bondholders, rendering all the stock, both preferred and common, absolutely worthless.

Polish American Finance & Trading Corporation. Incorporated, Maine, May, 1919. This company filed its last report in 1921 and its charter was forfeited for non-payment of taxes in 1922. The last reported officers were: Pres., Dr. T. A. Starzynski, 957 Third Avenue, N. Y. C.; Treas., Alfred G. Nowakoski, 957 Third Avenue, N. Y. C. We can find no trace of the officers at the present time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Polish-American Natural Asphalt Co.		1

Polish American Navigation Corporation. Incorporated—Delaware, 1919. Office 1928—206 Broadway, New York City. Officers—Tadeusz Niklewicz, President; Francis Girvik, Vice-Pres. & Treas. Business was discontinued 1928. Company was organized to carry supplies to European countries, especially those cut off from the world's market. In 1920 the company met with many hardships and balance sheets at that time showed anything but a prosperous condition. In 1921 the corporation went into bankruptcy. The charter was forfeited April 1, 1930, and proclaimed by the Governor January, 1931. We have failed to find any further trace of the company or its officers. Our records show that the stock never had a market value, and it is our opinion that the shares are now worthless.

Pollock Pen Company.	Incorporated, Delaware. We do not find any trace of this company for a number of years and believe it out of existence. On January 15, 1929 its charter was forfeited for non-payment of taxes. The following sales of stock took place at auction: 7,900 shares of Common and 2,300 shares of Preferred sold for $10 the lot on November 21, 1928. 600 shares sold for $2 the lot on January 9, 1929. We believe the stock without value at the present time.

Porcupine Crown Mines, Ltd. On May 15, 1920, the properties of this company merged with the Thompson-Krist Mining Company, Ltd., to form the Northcrown Porcupine Mines, Ltd. The former company remaining a holding company with 2/3 interest in the Northcrown Porcupine. The merger evidently did not cause any change in the condition of both old companies as all operations were suspended in 1921 and we have no record of the company having resumed operations. Again in 1924 the properties were sold to the New Rhodesian Mines & Investment Company, Porcupine Crown still being a holding company. Alex V. Finn & Company, 25 Beaver Street, New York City, are offering the stock at 3 cents. They advise that there have been no bids for the stock for a long time.

Porcupine Gold Reef Mining Company, Ltd. Incorporated, Ontario, January 10, 1910. Capital, $3,000,000; par, $1. Property: 240 acres, the Gold Reef Mine, in N.W. part of Whitney Porcupine area. Officers: E. P. Smith, President; G. R. Curry, Secretary with M. P. Van der Voort, I. T. Eastwood and S. W. Gooderham as directors. In 1915 and 1917 the mine produced $2,135 worth of gold, but the company has been idle since that time. In 1926 we find the company was considering resuming work, but do not believe this has materialized. There has been no market for this stock for some

Port Jervis & Monticello Railroad Co. Organized as the Monticello & Port Jervis September 3, 1868, and reorganized under the above name July 8, 1875. Incorporated under New York State. Capital: authorized, $1,000,000; outstanding, $724,277; par $50. Funded debt (1885): $50,000 first mortgage 7% 30-year bonds, due August 1, 1909. Officers (old): Frederick J. dePeyster, president and receiver; Henry Day, vice-president. On December 9, 1884, receivers were appointed for this road, and on November 6, 1886, it was sold to satisfy a judgment for $5,000 and was purchased for a reported price of $20,100, subject to a mortgage of $50,000. In the early part of 1887 the railroad, rolling stock and other property was reported as owned by the Port Jervis, Monticello & New York R. R. Co., and in view of the price paid at the sale made November 6, 1886, it is our belief the stock is of no value.

Porter Oil Company.	Organized under Article Ten, of the Constitution of the United States under the special laws of contract, by Mr. George L. Porter, and located in Crockett, Texas. The company has no officers and just three trustees and Mr. Porter informs us that he is the only one who has ever been active in the work. He also states that the value of this stock is only prospective, but he hopes to make it valuable before the end of this year. He advises stockholders to hold their stock. Mr. Porter can be reached at Post Office Box 356, Scottsville, Kentucky.

Postal Oil Company.	Incorporated in Kentucky and the Secretary of State reports that they have never received any reports from the company since incorporation. The State Tax Commission reports that it is their opinion that this corporation has long since ceased to exist. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Potts Canyon Mining Co. of Superior, Ariz. Incorporated in Arizona about 1918. Par value of shares $1.00. We are unable to find any record of this company having operated in Pinal County where they are supposed to have owned property. From our records it appears that an attempt to sell some of the worthless shares of this concern resulted in R. F. Ryan of 1482 Broadway, New York City, and two others, being indicted by the Grand Jury at Baltimore, Md.

Poughkeepsie & Eastern Railroad Company. Incorporated—April 13, 1866. This company was placed in the hands of a Receiver on June 20, 1874 and sold under foreclosure May 15, 1875 and reorganized under the name of the Poughkeepsie, Hartford & Boston Railroad, which company has since changed its name and been reorganized many times. We do not find that any provision was made for the common stockholders in the reorganization and accordingly believe it without value at the present time.

Powell, Frank, Producing Corporation. Value of common stock (par $100). The charter of this corporation became void and was proclaimed January, 1926. G. S. Newman, Milwaukee, Wis., was secretary and treasurer of the corporation. Letters addressed to Mr. Newman have not been answered nor returned. We have made a thorough search through the Better Business Bureau of Milwaukee, Wisconsin, regarding this company and found no further trace of the officers nor any evidence that anything was ever realized by the stockholders. It is our opinion that the shares are without value.

Powell Oil Company. Incorporated in Delaware, but is no longer in existence, its charter having been proclaimed forfeited by proclamation in January, 1928, for non-payment of taxes. The last reported officers were: President, John Z. Middleton; vice-president, Arlen G. Swiger; treasurer, Augustine J. Smith; secretary, Geo. F. McCarthy. Letters addressed to the officers have been returned and marked "unclaimed." The last quotations of the stock of which we have record occurred at auction on November 13, 1926, when 81 shares of preferred and 4,068 shares of common stock sold for $25 the lot. We believe both the preferred and common stock of this company have no value at the present time.

Premier Guaranty Mortgage Bond Corporation of New York. The corporation was organized under the laws of New York in 1927. They had an office at 347 Madison Avenue, New York City, at which time they submitted to us a statement of conditions and operations of the Premier Guaranty Mortgage Bond Corporation and its subsidiaries—a copy of this statement is available. We recently started an investigation of the present condition of his corporation, but found they have moved from 347 Madison Avenue and we have not been successful to date in locating them.

Premier Mines Corporation of Nevada. The only information we have concerning this company is that which was received from the officers of the company. In their letters they tell of the wonders which are to be worked at the mine. However we believe this is mostly a stock selling company and any investment is purely speculative. The value of the stock will depend on the results obtained at the mines. If they strike good ore the stock will be valuable, if no ore is found the money invested is lost. (1930)

Princess Pat Copper Co. Incorporated in Arizona, and according to our records is out of existence. We made a search of our mining records and found no record of this company's operations. We found no evidence that the shares ever had a value. In Dec. of 1921, 110,000 shares were sold at auction by Adrian H. Muller & Sons, New York City, at $21.00 the lot. In Dec. of 1922, 100,000 shares were sold at $50.00 the lot. In view of the above, we submit the shares as worthless as of May 21, 1931.

Produce Bank. This bank was placed in the hands of Charles H. Prendergast, receiver, in 1884. In the Report of Banks of Deposit and Discount, under Schedule G of Unclaimed Deposits or Dividends of Closed Institutions, held by Superintendent of Banking, New York State, we do not find any reference to this bank. If your stock is unstamped, it is apparently worthless, for the State holds no funds in trust for stockholders. This was confirmed in 1903 when the stock was reported as

Producers & Exporters Oil Corporation. Incorporated, Delaware, January 24, 1927. Had an office at 40 West 45th Street, New York City. Officers: Pres., J. Mackenson Sanders, 30 Broad Street, New York City; Vice-Pres., John C. Mosser, 220 So. 16th St., Philadelphia, Pa.; Treas., H. L. Brittain, 30 Broad Street, N. Y. C.; Sec., M. Moonellis, 36 W. 44th St., N. Y. C. We are advised by Mr. H. L. Brittain that he was never Treasurer of this company even though the records of the Secretary of State of Delaware shows his name as such. He was connected with the company at its inception but soon severed his relations. Any outstanding stock, we are advised, was sold without authority and accordingly there is no market for it. Mr. Sanders, the president of the company, went to England sometime ago, and according to reports died there. We are unable to obtain any further information concerning this company.

Prosperity Fund Credit Union.	The corporation records of New York State does not list a corporation by the above name. The building agents at 154 Nassau Street, New York City, stated that they never heard of this company. It is our opinion that a corporation under another name sold the stock of the above. As far as we can asertain the stock has no value.

Provident Trustee Foundation, Inc. The only information regarding this company is furnished us by the Better Business Bureau of New York City as follows: "Beyond the fact that the address of this organization is given to us as 141 Broadway, New York City, we have no information bearing on its personnel or activities. We may state, however, that we were informed in February of the current year that a Canadian stock broker had sold securities of the Provident Trustee Foundation, Inc., in May of last year at $85.00 and at $92.00 a share. As we were requested to secure information relative to the average price of Provident Trustee Foundation, Inc., shares in May, 1928, we told our inquirer that the only quotations we could find in May of last year was on May 15, on which date the stock was quoted at 23⅛ bid and 22⅞ asked, and that we had no means of knowing whether this was an actual reflection of the market on that date." We regret that we have no more definite information to furnish you at this time.

Prudential Oil Company of Texas. Incorporated—Delaware, 1917. Property—Company owned fee land at Goose Creek, Texas. Address in 1919—Scanlan Building, Houston, Texas. We do not find any trace of the company after 1919 and believe it went out of existence about that time. On January 27, 1923, the charter of the company was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Public Service Realty Corporation. Incorporated—New Jersey, July 17, 1912. Capital—$200,000. Par Value—$100. Address—Pinewald, New Jersey. Officers—Alpheus A. Courter, President and Director; August Keiser, Secretary and Director; Simon Anhalt, Director. On January 13, 1926, this company forfeited its charter for non-payment of taxes. We find no trace of the company or its officers since that time and believe it out of existence. As far as we can ascertain there is absolutely no market for the stock.

Public Service Telephone Company. Incorporated—New York in April, 1909. Capital Stock—Authorized $10,000,000. Officers and Directors (1909)—John M. Shaw, Pres.; John A. L. Campbell, Sec.; George S. Graham, R. Conklin, A. G. Wheeler, Jr., Russell Robbins, Clarence D. Simpson. The Public Service Telephone Company was organized to operate lines of telephone and telegraph, telautograph or other electric lines of communication; pneumatic and otherwise in and through the various cities, towns and villages of New York State, the Dominion of Canada and elsewhere. It has a bond issue of $500,000, the whole of which was acquired September 27, 1909, by the Long Acre Electric Light & Power Co. in exchange for sale of franchise for transmission of sound in the boroughs of Manhattan and the Bronx. No interest has been paid on these bonds for years and we do not find that the company is operative. The bonds have no more than a speculative nominal value and in view of this believe the stock valueless at the present time.

Public Utilities Consolidated Corporation. Incorporated July 23, 1927, in Arizona to operate and serve 244 communities. Federal Judge Sawtelle, on November 7, 1929, appointed Joseph Chapman, Receiver for all of W. B. Forshay Company's properties. This corporation was controlled by the Forshay interests. The main office of the company is located in the Tower Building, Minneapolis, Minnesota. The Class "A" and "B" Common Stocks were considered worthless in 1930. On December 24, 1930, 50 shares of Class "A" Common were sold at auction at $1.00 for the lot. On December 3, 1930, 300 shares of Class "B" Common Stock were sold at auction for $25 for the lot. Therefore, we believe these shares had no value since 1930. However, the company maintains its corporate existence, and if a deduction is to be made this year, the proper procedure would be to sell the stocks at auction and then establish your loss on the difference. In our opinion the shares have no value.

Publicity Foundation Inc. Mr. Elmore Leffingwell, the former President of the company, informed us that this association was a sort of club for advertising men and just ceased to exist for lack of interest and money. He also informed us that he had no idea any stock was sold. It is our opinion that the shares are worthless.

Puget Sound Copper Company. Incorporated in New Jersey May 12, 1899, with a perpetual charter, and was engaged in the mining business with an office at 60 Grand Street, Jersey City, N. J. Apparently the company was short-lived, for their charter was forfeited in 1903 for non-payment of two years' taxes. Like most mining propositions, this company did not get beyond the development stage, and it is our opinion that the shares are worthless.

of the bonds or stock for many years. The preferred stock was given as a bonus with the bonds. The company is holding its own in the face of an adverse market which has prevailed for some time. The plant has been kept up in good shape, and the workings are reported in the best condition of any in the Virginia field." The mines are in Parrott, Pulaski County, Virginia, on the N. & W. Ry.

Name	Date Charter Forfeited	Vol.
Pulaski Anthracite Coal Company. Supplementing our previous report, the company has been able to maintain operations during this slack period and has been able to pay the interest on bonds regularly. There has never been any dividend paid on preferred stock and know of no market for either the bonds or preferred stock.

Pulp & Paper Corporation of America. Incorporated —Maine, 1919. Officers reported in 1922—Henry V. Greene, Vice-Pres., 25 Huntington Ave., Boston; Robert F. Greene, Treas., 755 Boylston St., Boston. In the same year its charter was forfeited for non-payment of taxes. We find no trace of the company since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Corporation is in good standing having made reports and paid fees throu h year 1928. Mr. C. C. Roberts advises us that the value of this stock is rather hard to determine. He knows of one party, however, that will buy it at $5 but in his opinion it is worth considerable more than that and he thinks it is cheap at $15 per share. For further information we refer you to Mr. C. C. Roberts, Hamden, Ohio.

Pyramid Oil Company. Incorporated—Delaware. In 1924 the president of this company entered into a contract with the Manhattan Oil Company, in which he exchanged his Pyramid stock for their stock and also entered into a contract with them whereby they were to accept the Pyramid Oil Company stock in exchange for their stock from all stockholders who desired to make the exchange. After the Manhattan Oil had accepted about 70% of the stock they refused to carry out their contract. Inasmuch as the contract was entered into by the president personally, and the Manhattan Oil Company, the latter company took the stand that the president was not an authorized agent for the other stockholders, and therefore cannot compel them to take the remaining 30% of the stock of the Pyramid Company. We received a small bid of 5c. per share for 800 shares in 1931.

Qua-Jack Lead & Zinc Company (also known as Quapau Jack Lead & Zinc Co.).	Incorporated in Oklahoma and had an office at 233 Terminal Arcade, Oklahoma City, Oklahoma. In July, 1918, the company built a 200 ton mill and small shipments were made, but the slump in prices closed this and many other small plants at the time the armistice was signed. The company was definitely reported out of business in 1922 and the shares are now without value.

Quakins Petroleum Company. This company was organized in July 7, 1919, under the laws of Delaware for the purpose of developing oil property in Stephins County, Texas, and conducted an office at 17 Battery Place, New York City. The company reported on May 19, 1920, that they had considerable disappointment in developing the work, and that there was no market whatever for the stock. It was at that time contemplating refinancing with the view of putting its equipment to work in another field. No sales or quotations are reported for this stock at any time near the above date, and in view of the poor condition reported in 1920 we do not consider the stock of any value at the present time. The company is at present located at 525 East Armour Boulevard, Kansas City, Mo., and the Delaware agent is the Corporation Trust Co. of America, duPont Bldg., Wilmington, Del.

Quardoscope Corporation. Incorporated—Delaware, June 20, 1918. Officers—John Aspden, Buffalo, N. Y., President; D. R. Benedict, Kenmore, N. Y., Vice-Pres.; B. E. Vosteen, Buffalo, N. Y., Sec. and Treas. This corporation was in existence with offices at 33 E. Ferry Street, Buffalo, N. Y. Is no longer in existence, having become inoperative and void March 18, 1925, and proclaimed by the Governor January, 1926, for non-payment of taxes. We have found no evidence that these shares ever had a value, and it is our opinion that they are worthless.

Ralph Dudleys Arkansas Interests. Organized in 1923 under a Trust Agreement at Ouachita County, Arkansas. Ralph B. Dudley, Manager and Trustee. Par value $10. We are advised that Ralph Dudley sold some stock in 1923, but no developments ever resulted. He disappeared from Arkansas about 1925 and no one seems to know where he went. We believe the company has gone out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Rappahannock Copper Company, Inc.	Incorporated in Virginia in 1907. We have searched our records and failed to find any record of this company's operations, nor have we found any evidence that the stock ever had a value. However, we did find that 1000 shares of the capital stock sold at auction on November 18, 1922, at $7.00 for the lot. Therefore, it is our opinion that the shares were worthless as of September 23, 1931.

Ray Hercules Copper Company. This company was organized under the laws of Maine in August, 1915, with an authorized capital stock consisting of 1,500,000 shares having par value of $5 each. Company was formed to operate property of Arizona Hercules Copper Company which it controlled through the ownership of 90% of this stock, and which company was reported to own 207 acres of mining property located in the Ray District at Ray, Arizona. In the year of 1921, after making an unsuccessful attempt to sell its bonds, the Ray Hercules Copper Company was reorganized as the Ray Hercules Mines, Inc. In this reorganization the stockholders of the Ray Hercules Copper Company were offered stock in the new company on a basis of two shares of old for one share of new, plus assessment of $1. The new company failed in 1924, and its property was sold at a sheriff's sale, leaving no equity for the stockholders. Therefore, it is reasonable to assume that the stock of the Ray Hercules Copper Company was worthless and submit it as such.

Ray Silver-Lead Mining Company. Incorporated in Arizona December, 1916, and reported an office at Luhrs Building, Phoenix, Arizona. A letter from J. H. Page, treasurer, stated that several years ago the mortgage upon all the property of said company, there having been $100,000 in mortgage bonds outstanding, was foreclosed. Thereafter the company had no assets, there was nothing to dispense to stockholders and the company ceased to function.

Real Estate Association of Keene County.	Incorporated in New York, September 15, 1910. This company was located in Keene County, New York, and so far as we can ascertain never had any real estate holdings in that vicinity. We are informed that it was formed by some New York City people, for the purpose of transferring property in connection with some tax deal. We believe the stock has very little, if any, value at the present time.

Realty Bond & Mortgage Co. Inc.	Calif. 1928.	

Realty Bond & Share Company. Mr. H. H. Taylor, receiver of the City Trust Company, Miami, Florida, informed us that taxes have accrued and are unpaid on the property which secures the mortgage held as collateral on the bond issue. The records of the City Trust Company indicate that the interest on coupons has been in default since June 1, 1928. Unless conditions get better in a hurry in Florida, the property is liable to go under the hammer for taxes.

Realty Bond and Share Co.	Del. 1931.	

Realty Bond & Share Corporation. Mr. J. G. Pembleton, attorney, located at 130 West 42nd Street, New York City, and who is secertary of the San Sebastian Development Corp., informed us that the Realty Bond & Share Corp. is located at the Bank of Biscayne Bldg., in care of Marshall F. Saunders, Miami, Florida. That the company is practically dormant now, although it still owns its properties. The San Sebastian Development Corp. has no money and is like every other real estate concern in Florida—waiting for conditions to get better. Mr. Pembleton stated that he would be glad to answer any further questions regarding these two concerns. The bonds of the Realty Bond & Share Corp. have no market value at the present time. When another boom comes to Florida the bonds will have value, and when that will be no one knows.

Red Mountain Consolidated Mining Company. Mr. A. T. Stolpestad, Assistant Treasurer of the company, is the Assistant Treasurer of United Securities Corporation, the affiliate of the First Trust Company of Saint Paul and informed us as follows: "It is rather difficult to state any definite value to these shares. The company has been dormant for a number of years, and about three years ago we entered into a lease for all of its mining claims with the Montana Lead Company who have spent some money for exploration purposes and have paid some money on account of advance royalties. What the future will bring is hard to state, which is the reason we can give you no further information as to its value."

Reed, F. P., Syndicate.	Incorporated in Delaware and became defunct and inoperative on April 1, 1930. Apparently the company never did function for it had never filed an annual report. The Corporation Service Company of Wilmington, Delaware informed us that they severed their connection with the company several years ago, one of the reasons being that they were unable to locate the parties in interest, and were therefore unable to communicate with them. Therefore, it is our opinion that the shares are without value.

Reforma Mining Company. Formerly the Hinds Consolidated Mining Company (see Vol. 1, Marvyn Scudder Manual) which was foreclosed under the mortgage about 1902, and after a lapse of several years a Plan and Agreement was drawn up on September 2, 1909 by a Committee of Bondholders and a reorganization was consummated in 1911, under which the Reforma Mining Company, an Ohio Corporation, took title of the Mexican properties of the former company. These first and second preferred shares and Class "B" stocks of the Reforma Mining Company for the most part were distributed to former holders of certificates of deposit representing subscriptions to bonds of the Hinds Consolidated Mining Company. Also, in connection with the reorganization, a small amount of first preferred and Class B common was issued to finance current expenses. Mr. A. W. Brand, Treasurer of the Reforma Mining Company, state that as far as his office knows there have been no market transactions of these Reforma shares. The property is still in the development stage and the value of these shares depend on the result of development operations now going forward, making these shares of only a speculative value. The Reforma Mining Company of Delaware is located at 722 Bolivar Road, Cleveland, Ohio. Directors—J. W. Webster, President G. C. Haigh, W. E. Matthew, W. G. Wilson and C. W. Brand, Secretary-Treasurer.

Refrigerator Car Equipment Company—Address: 312 Empire State Bldg., Spokane, Wash. C. W. McCoy, President, informed us that cash on hand and truck body royalties of $5,238.48 as of December 31, 1929 equaled the disbursements. Evidently the company is struggling along, but is not making any money. We believe the shares have only a nominal value.

Regent Engineering Corporation.—Organized under the laws of New York with an authorized capital stock of $300,000, as a reorganization of the Trey Air-Cooled Motors Corporation, and the stockholders of the latter company received stock in this company without assessment. In 1925 company had an office at 154 Nassau Street, New York City in which year the following were reported as directors: Charles E. Ramirez, W. J. Hogan, E. Allen. Mr. Charles E. Ramirez an attorney at 331 Madison Avenue, New York City informs us that he had charge of the incorporation and referred us to Mr. Robert Law, Jr., an attorney at 41 East 42nd Street, New York City. At present, company has an office at 525 West 38th Street, New York City and is engaged in experimental work on a hydraulic transmission for automobiles which eliminates the clutch, brake, etc., and on a motor plane which eliminate the wings and propellers. Mr. Serge Trey is the principal head. There is no open market for the stock and apparently the company is a close corporation.

Reilly Cannon Fuel Company. Incorporated in Colorado and is located at 17 Battery Place, New York City. The company as we understand it is not a perpetual organization but by the terms of its formation terminate its existence in 1942. The company each year returns $2. per share of the capital paid in which was $80 per share as well as pays dividends from rents it receives for leased property. We were informed that $40 per share has been returned to stockholders to date. In view that the company has a limited existence, we believe that the shares were not worth more than their book value of $28.83 per share as of Oct. 13, 1933 and submit them as such as of that date.

Reliance Nevada Fairview Mining Company—Incorporated in Nevada on April 23, 1907 and has filed no reports or paid their franchise tax since then. The charter of the company has been forfeited, but may be reinstated at any time. However it is hardly possible that the company will reinstate itself after so many years. It is our opinion that the shares are worthless.

Reorganized Belcher Divide Mining Company.	Incorporated—Nevada, July 12, 1920. Property—4 claims in Gold Mountain (Divide) district, Esmeralda County, Nevada. Address—S. E. Jameson, Florence Street, Tonopah, Nev. The last quotations of which we have record took place on April 9, 1927, when the stock was quoted by brokers at .01 bid, .03 asked. According to our records no assessment has been made since 1924. In view of the above we believe the stock has only a nominal value at the present time.	
Reorganized Blue Bull Mining Co.	This company entered a merger in May, 1920. The new company was incorporated as the Goldfield Deep Mines Company of Nevada for the purpose of exploring the Goldfield vein system at depth. Work has been carried on without interruption since that time. Stock of the merging companies was exchangeable for equal shares of stock in the Deep Mines Company, but the exchange privilege terminated at the close of 1920. Since all the assets of the merging companies were deeded to the new company, and the corporate rights have been allowed to lapse, the stock still outstanding belonging to the merging companies is worthless so far as we know.

Republic Druggists Syndicate, Inc.	Incorporated—New York about 1919. Capital Stock—$1,000,000. Par value—$50. Officers—J. H. Broodman, President; Louis Spingarn, Secretary. Address in 1921—39 Wooster Street, New York City. In 1922 the company was dissolved and we find no trace of it since that time. On June 29, 1929 the charter of the company was proclaimed forfeited for non-payment of taxes. One of the former officers of the company advises that he does not know what happened to the concern. As far as we can ascertain there is no market for the stock which we believe has only a nominal value, if any, at the present time.

Republic Mines Company.	Incorporated—Colorado, December 8, 1903. Address—526 Exchange Bldg., Denver, Colorado. Property consisted of about 7,500 acres, patented, half freehold and half under bond and lease. In 1917 the company refused to give any statement in relation to the affairs of the company, and in 1922 all letters addressed to the company were returned and marked "unclaimed." We find no trace of it since that time and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Retail Chain Clothing Stores Corp. 2
Retail Cigar & Tobacco Dealers Association of New York. This company was organized in New York about 1903 for the purpose of supplying dealers with products not manufactured by the tobacco trust, but in 1906 financial difficulties arose and Wm. M. K. Olcott was appointed receiver. We are informed affairs were shortly wound up and in 1907 the corporation ceased to exist. There is no market for the stock which we believe valueless at the present time.

Rich (William H.) & Son. Established in 1888 and incorporated 1909. The factory and office were located at 772 Pacific Street and 611 Dean Street, Brooklyn, New York. The company manufactured umbrellas and parasols. On May 24, 1917, we received a letter from Robert P. Levis, now located at 50 East 42nd Street, New York City, stating that he was appointed attorney for the trustee in bankruptcy of William H. Rich & Son and that there has been paid to creditors approximately 27% leaving nothing for stockholders. In view of the above we submit the stock of William H. Rich & Son as worthless at the present time.

Richards Piston Packing Co. Ltd. Incorporated in Pennsylvania in 1884 and was located in Philadelphia, Pa. William H. Malin, chairman, John Malin, treasurer. We received a letter from Mr. Brandt H. Malin, who is connected with the Coatesville Boiler Works, Middletown, Pa., and he informed us that the above men are probably distant relatives of his, but has not been notified of a family reunion for years, nor has he ever heard of a company of the above name. It is our opinion that the shares are worthless.

Richfield Oil Co. of Calif. Scrip certif. for 21 shares of Class "B" stock of Pan-American Western Petroleum Co. In July, 1928, the Richfield Oil Co. of Calif. offered to purchase the remaining shares of outstanding Class "B" stock of the Pan-American Western Petroleum Co. as follows: In event Pan-American wins the suit brought by the Federal Government against its wholly owned subsidiary, Pan-American Petroleum Co., involving Elk Hills leases, Richfield Oil Co. will exchange one share of its common stock for each two shares of Pan-American "B" stock. In event of an adverse decision, basis of exchange will be one share of Richfield common for three shares of "B" stock. The Pan-American Western Petroleum Co. won the suit, but the Federal Government has appealed; until a decision is rendered, nothing can be realized on the scrip. When a favorable decision is made the scrip should be sent to Bancamerica Blair Corp. in N. Y.

Richmond Gold Mountain Mining Company. Incorporated — Nevada about 1906. Capital — $1,000,000. We are unable to find any trace of this company for a great many years and believe the company has gone out of existence. In February, 1924 the charter of this company was forfeited for non-payment of taxes. There has been no market for the stock for some time and in view of the above we believe it valueless at the present time.

Richmond Mining Co. Chartered under the laws of West Virginia on August 27, 1900, with capital stock of $600,000, par 25c each. The following were officers William Alperson, President; Val C. Trabold, Vice-President; A. Christopher, Secretary; Morgan R. Ross, Treasurer. Company is reported to have owned four claims on the South half of the Colville Indian Reservation, Washington, and in addition ten other claims, undeveloped in the Windermere District of East Kootnay, British Columbia, containing over 500 acres of land. Work on the property was commenced in October, 1900, and we understand that several thousand dollars was spent in development work. The stock of the Richmond Mining Company was at one time listed at Spokane, Washington. We are informed that the Richmond Mining Co. was disincorporated and reorganized as the Idaho Mining Co. and that the latter was succeeded by the Richmond-Yukon Mining Co. The Richmond Mining Co. has paid no corporation license tax to the Auditor's office of the State of West Virginia for the past few years and is apparently without standing as a West Virginia Corporation.

Rio Grande Southern Railroad Company — Incorporated—Colorado 1889. A receiver has been asked for this company in the Federal Court at Denver, Colorado in a suit to recover $3,291 filed by the National Lumber & Creosoting Company. This company is controlled by the Denver & Rio Grande Western and operates a narrow gauge line from Ridgeway to Durango, Colorado a distance of 162 miles. The petition for receiver sets forth that interest on 4,509,000 First Mortgage Bonds outstanding has been in default since January 1, 1922, that while a protective committee has been formed, the Central Hanover Bank & Trust Company, Trustee, has taken no foreclosure proceedings, that taxes for 1928 amounting to $15,5799 have not been paid and that the company has practically no funds. The last sale of these bonds, of which we have record, took place in March 20, 1929 when 5 sold at auction for 1 per cent.

River & Rail Electric Light Company.	Incorporated September 23, 1884 in West Virginia, and had an office at 45 Broadway, New York City. Company was engaged in the manufacture and sale of storage batteries, motors, street cars, etc. The Central Hanover Bank & Trust Company of New York City, the successors of the Central Trust Company, who were trustees for the First Mortgage Bonds, informed us that the property was sold at foreclosure sale and that there were not sufficient funds to pay off creditors, leaving nothing for the First Mortgage Bonds. Therefore, we submit the First Mortgage Bonds as worthless.

Roan Mountain Steel & Iron Co. — Incorporated in North Carolina. We searched our iron and steel books back to 1896 and our iron books that record all patented iron mines in 1898, and found no record of this company. We also searched our mining books and iron and steel records for 1878 and found no record of this company. It is our opinion that the shares are without value.

Robb Montbray Mines, Ltd.—The last quotation of the company's stock was in November, 1930 when it was offered at 1 cent a share. Since then there has been no market for the stock. This company is a subsidiary of the Nipissing Mining Company, Ltd., Cobalt, Ontario. The property consists of 10 claims (400 acres) in Montbray Township, Quebec. While some high grade ore was encountered the shoots were erratic and contained only a limited tonnage.

Robinson Fiber Corporation. Incorporated, June 1, 1923, is in existence with offices outside the State at 75 West Street, New York City, New York, and within the State with the resident agent, Corporation Trust Company of America, duPont Bldg., Wilmington, Delaware. Mr. C. R. Robinson who is handling this company writes that the process patents of this company are now assured of use by one mill and a deal is under way at the present time whereby the company will have another mill. The stocks look better than they ever did and in a few months Mr. Robinson feels that it will surprise its owners. The corporation has no cash, owes some money but has contracts which according to Mr. Robinson protects the patents. He is quite sure the stock will be valuable in the near future.

Robinson Manufacturing Company. Incorporated under the laws of Texas and located in Dallas. Dissolved June 7, 1919. We also have record of a Robinson Manufacturing Company of Freeport, Illinois, manufacturer of vehicles. On November 17, 1907 a receiver was appointed for this company. Assets were said to be $125,000 liabilities $146,000 of which $80,000 was reported to be in notes to the Robinson Miller Company of Minneapolis and to the Consolidated Implement Company of Kansas City, both insolvent. We also have record of another Robinson Manufacturing Company, the charter of which was granted in December 1914 to the company in Charlotte, North Carolina, capitalized at $100,000. Concern purchased the plant of the Charlotte Cordage Company, manufacturers of hosiery yarns.

Rock Tunneling Machine Company.	Incorporated—New York. Capital Stock—$1,500,000. Par Value—$10. Officers—Oliver O. App, President; Henry Moakley, Secretary; Theodore R. Fischer, Treasurer. Office—291 East 134th Street, New York City. Last reported in 1918. Remarks—The stock in itself has no intrinsic value. All the assets of the company were disposed of at public auction in 1918. Mr. Oliver App, former President of the Rock Tunneling Machine Company, advises us that he purchased all the assets of the company and then incorporated the App Tunneling Machine Company which started to function in 1923. A proposition was made at that time to all stockholders who had invested in the Rock Tunneling Machine Company, whereby on taking stock in the App Tunneling Machine Company at the same price it was being sold to the public, they would be given credit and stock issued for an equal amount up to the limit of their previous investment in the Rock Tunneling Machine Company. Many stockholders did this and assisted the company over the development period.

Roepke Pan Machine Corporation. Machinery and equipment of the above company located at 228 North St. Clair Street, Dayton, Ohio, was attached in common pleas court by William J. Roepke of 829 North Broadway, Dayton, former Pres. of the company, in his suit for $5,432, which he claims is due him for back salary and expenses incurred.

Roepke Pan Machine Corporation. This company according to our information was located at Newton Falls, Ohio, before going to Dayton, Ohio. Wm. J. Roepke was introduced to a local promoter who in turn was able to interest The Weber Company of Dayton, Ohio, to enter into an exclusive licensing agreement with the Roepke Pan Machine Corporation. It seems that soon after the first machine was moved into Dayton the trouble started and it was claimed by The Weber Company that Roepke had misrepresented the machine and the business in general and they refused to go on with their contract. It seems also that about this time, 1930, there were rumored to be several suits pending against the company of which Roepke had said nothing. The Webers do not know just what became of the Roepke Pan Machine Corpora-

tion, although from their conversation it seems they are holding the equipment and have control of the rights of the company and are making the products of the Roepke Pan Machine Company under the incorporated name of The Day-Tin Container Corporation which is located at 226 N. St. Clair Street, Dayton, Ohio. The Webers advised us that as far as they know the subject had not dissolved but they were unable to tell just what happened to the corporation, although they were quite sure that the stock is of no value at the present.

Rohr McHenry Distilling Company. This company was located at Benton, Penn. On November 5, 1912, receivers were appointed. Liabilities were placed at $800,000, with assets of $828,239. The concern was claimed to have had $561,422 worth of whisky in bond. Former Congressman John G. McHenry was President. Mr. Harry E. Long, Benton, Penn., formerly Secretary of the company, informed us that there is no fund in existence for liquidating any stock of this company. He was the Federal Receiver for the company in 1912 to 1915. In 1913 the assets of the company were sold under foreclosure by the bondholders whose mortgage covered both real estate and stocks of merchandise, leaving very little for expenses of the receivership and no equity for the stock. Therefore, we submit the preferred and common stock as worthless.

Roswell Gas & Electric Company. The bonds of this company were foreclosed about 10 years ago and the property sold and of course the Roswell Gas & Electric Company securities have no value whatsoever at this time unless, perhaps, the foreclosure decree contained a provision that bonds may be surrendered to the Clerk of the Federal Court, Santa Fe, New Mexico in said cause and a pro-rata payment of the proceedings of sale be paid to the holder, but there was a time limit set for bondholders to surrender their securities. We have communicated with the Federal Court and they advise us they have no funds for these bonds.

Rowe Alaska Company. Incorporated under the laws of New York State on Dec. 15,*1903 for the purpose of prospecting and developing about 3,000 acres of property located on the Seward Peninsula on Norton Bay, a few miles from Council in the western part of Alaska. The capital stock was $1,500,000 authorized with a par value of $1. We understand that no dividends were ever paid on the stock. About 200,000 shares of the stock were sold at par and we are informed that $75,000 worth of machinery was installed the payment for same being made part in cash and part in capital stock. We are advised that the glaciers which covered the property of this company prevented any very extensive development and consequently all opratations were discontinued a number of years ago. The last officers of the company were reported in 1909 as follows: William H. Rowe, President, Lewis M. Seegee, Secretary, Directors: Henry R. Frost, A. H. Rissam, Ellis L. Phillips, Joseph E. Dey, Guy S. Row, F. C. Peck, Voltaire Combe, Charles W. Russell, N. G. Fagundus. The company had an office at 50 Church Street, New York City up to 1909 and went out of business the same year for no further trace of the company could be found. It is our opinion that the shares are without value.

Roxmor Company, Inc. At the annual meeting of the stockholders of the company, held May 31, 1927, by a vote of over two-thirds of the capital stock issued by said company, the directors of the company were instructed and authorized to negotiate for the sale of its assets to the creditors of the company in an amount covering claims of all liabilities except capital stock, and upon fullfillment of such action, and all further duties and responsibilities, to declare the Roxmor Company, Inc. to be dissolved and ceasing to exist. These instructions were carried out by the Directors at a Special Meeting held Aug. 27, 1927, by an agreement made with the Woodland-Roxmor Corporation, on terms covering all claims against and liabilities of the Roxmor Co. Inc., except the capital stock of the said company. The Roxmor Company, Inc., having no assets, its capital stock has no value. and the company has ceased to function. The effort to re-organize undertaken by the Woodland-Roxmer Corp., against heavy odds, failed completely. The property was sold under foreclosure on Sept. 5, 1930. The above was submitted by Mr. Edward B. Miller, Manager, Woodland, New York.

Royal Gold Mining Company—Incorporated in California and at one time had an office in San Francisco, California. We understand the company went out of business in 1918 and since that time we are unable to find any trace of it. As far as we can ascertain there has been no market for the stock for a number of years and we believe zero a fair value for it as of July 22, 1930.

Ruby Silver Mining & Development Company. About 1915 the stock of this company was boomed; and at the time the company had an office at 35 Wall Street, New York City. It suddenly disappeared and we have been unable to locate it in recent years. All our letters are returned and marked "unclaimed" and we believe the company out of existence. On February 28, 1924 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Rumsey Petroleum Company Inc.—Incorporated Oklahoma. We do not find any trace of this company for a number of years and believe it has gone out of existence. On December 25, 1922, 110¼ shares of this stock sold at auction for $2 the lot. In view of the above we believe the stock worthless at the present time.

Rumson School, Inc. — Contributors Certificate — We have received the following letter from the Secretary of the school: "Organized under the laws of the State of New Jersey as a corporation not for pecuniary profit and its affairs are governed by its Board of Trustees. The Contributor Certificates are simply evidence that the holders thereof have contributed to the School. You will note by reading the face of the certificate that in the event of liquidation, the face value of the certificate will be paid only after all creditors have been paid and all Matriculation Certificates have been redeemed. You will note also that Contributor Certificates may be exchanged for Matriculation Certificates for the purpose of qualifying a child of the original holder's immediate family for matriculation in the school. The present cost of these Matriculation Certificates is $500.00. It is my opinion that these provisions of the certificate are the only evidence of any value. The School had been and is being successfully operated since its inception and there seems very little likelihood that it will be liquidated at any time. As to converting a Contributor Certificate into a Matriculation Certificate, it seems to me that the value of this right depends entirely upon whether or not the contributor has immediate members of his family eligible for entrance to the School. It is my thought that in the average case, a purely nominal value should be placed upon Contributor Certificates. We therefore submit this certificate as having only a nominal value as of January 4, 1929."

Rydal Oil Corporation — Incorporated in Delaware, 1923 and had an office in the Land Title Building, Philadelphia, Pennyslvania in 1928. The corporation probably went out of existence in 1928, for we do not find the company mentioned in our 1929 Petroleum Register. The stock was last quoted in 1927 and there has been no market for the stock since January 1, 1928. In our opinion the stock became worthless in 1928.

S. W. & B. Oil Company.	Address — 1712 Hunter Dulin Bldg., San Francisco, Calif. The stock of this company is quoted on the San Francisco Mining Exchange, but there are very few sales. The last two sales one of 10,200 shares and the other 7,100 shares, took place at $.11 per share. We, therefore, believe $.11 per share a fair value as of February 22, 1930.

Safety Angle Barr R. R. Supply Co.	Incorporated in Arizona in 1902 and during its existence filed no reports. The corporation is no longer in existence, its charter having expired by statutory limitation in 1927. As the company filed no reports since 1902, it is our opinion that the company went out of business about 1902 or 1903, and that the shares are absolutely worthless.

St. Clair Recreation Club Ltd.	Incorporated under the laws of Ontario with a capital of $200,000 divided into 4,000 shares of $50 each. Officers, Brook Sykes, 1784 Sufferin St., Toronto, Ontario, president and W. M. Nealtby, 1254 St. Clair West, Toronto, Ontario. Head Office, 1670 Sufferin St., Toronto. This company is operating practically eight months of the year, and of necessity due to the hot weather are closed for four months. The company has been fairly successful but is under heavy carrying charges. It has paid no dividends because any surplus goes to reduce the mortgage indebtedness. It is difficult to tell you any value that might be placed on this stock. If you communicate with Mr. W. M. Maltby at the above address he would be glad to keep you posted from time to time as to the affairs of the company.

St. George's Lumber Company. Incorporated in Newfoundland on Sept. 24, 1901 as the Howard Lumber Co., Ltd. On Feb. 25, 1902 its name was changed to the above. Outstanding about $112,000 of bonds. Default was made on the Sinking Fund in 1914 after which a Protective Committee was formed. Since that time the company has been making futile endeavors to sell the property. The value of the bonds depends on how much the property sell for, when it does. At present with interest the amount due to bondholders is about $160,000. If the property ever sells for more than the outstanding debt and its interest the stock might be worth something. At this time it is not worth a cent. Officers: M. H. Fitzpatrick, pres. J. Howard, sec.; Hector H. MacKay, Thomas G. MacKay and Dr. F. W. Wright, all of New Glasgow, N. S. Mr. Daniel Burke, 72 Wall Street, New York City is the attorney for the bondholders' committee. Any information you want further than this can probably be obtained from him.

Old South Building, Boston, Massachusetts, informed us that he has no record of any sales of the stock of Salem Gasoline Company as of November 1, 1921 or April 14, 1922 other than original issues. He also informed us that the prefered was issued about November, 1921 and April, 1922 for cash at par of $100. per share and that the common stock was issued as a bonus with preferred stock. According to the above we believe the common had only a nominal value as of November 1, 1921 and April 14, 1922. It would be difficult to place a value on the preferred as of those dates, but believe the stock could have been sold back to the company at $50. per share.

Salt Lake & Fort Douglas Railway Company of Utah. Value of First Mortgage 6% Bonds due 1-1-1915. We have found no record of this company's operations. The company went into receivers' hands and became a part of the Utah Central. In 1907 we were informed by Judge LeGrande Young, formerly attorney for the Salt Lake & Fort Douglas Railroad Company, that the above bonds are valueless, having been cancelled several years before 1907, when the company went into receivers' hands and its affairs were liquidated.

Sandia Gold Mining Company. Incorporated in West Virginia September 18, 1899 with a principal office in Elkins, West Virginia. This company has not filed a report since the time of its incorporation. We find no trace of it for a long time and believe it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Sandia Mining Company. This company was incorporated under the laws of West Virginia, June 9, 1897 with a principal office at 222 Fifth Avenue, New York City. Reports filed in 1902 showed the President Edmond L. Zalinski, 222 Fifth Avenue, New York City, and the Secretary, Simon L. Adler, 277 Broadway, New York City. We traced the company up to 1904 and then the officers and the company disappeared. The corporation was dissolved by decree of court March 6, 1909, for non-payment of license tax. It is our opinion that the company went out of existence in 1904 and the shares are worthless.

San Domingo Gold & Copper Company. Incorporated in Maine and consolidated to form the Picacho Blanco Mining Company. In 1906 this company was located at Morristown, Maricopa County, Arizona. Officers—M. E. Waldstein, President; T. O. Otis, Secretary and Treasurer. In 1910 the Picacho Blanco Mining Company was reported dead. The property passed to the Cababi Mining Company. The latter company was reported idle in 1911, and presumably the property was sold for taxes. It is our opinion that the shares of the San Domingo Gold & Copper Company were without value as of February 15, 1932.

Sanitary Service Corporation.	Incorporated — Delaware about 1922. Officers in 1923—T. K. Fitzgerald, Pres. & Director; F. W. Walters, Vice-Pres. & Director; W. J. Miller, Sec. & Director; J. T. Evans, Director. Office—25 Broadway, New York City. We can find no trace of this corporation or its officers after 1924 at which time an injunction was issued restraining the corporation from selling stock to the public. We can find no record of this corporation having been taken over by the General Sanitary Paper Corporation, which, according to our records, went out of existence about 1926. There is no market for either stock and we believe them valueless at the present time.

San Remo Copper Mining Co. A spectral corporation organized in West Virginia as the astral body of the Copper Belle Mining Company with a capital of $300,000, later increased to $2,000,000 without the knowledge or consent of the shareholders, which once had, or was supposed to have had, some sort of a claim to three claims of some sort in the Dragoon Mts., Cochise county, Arizona. In 1908 the company was reported dead and merely a ghost when in existence. Formerly haunted Gleson, Cochis county, Arizon. We believe the shares are worthless.

Sanseal Corporation. Company was organized under the laws of New York for the purpose of manufacturing Dr. West Lake's patent paper cups and machines to put them on to milk and other bottles and containers. The authorized capital stock consisted of $500,000, 7% Cumulative Preferred par $100 and 7,000 shares of no par value common of which there were outstanding, 255,000 preferred and 4,550 shares of common. Company is reported to have an office in last reports, at No. 35 Wall St., New York City, but in view of the following sales at auction we do not attach any value to either class of stock. On March 24, 1923, 50 shares common sold at $2 the lot. On December 15, 1923, 160 shares preferred sold at $1 the lot.

Santa Barbara Mining & Milling Company. Incorporated about 1918 in Mexico. Officers—H. W. Aiken, President. Property—10 miles S. E. of Cananea had been actively developed from 1920 to about 1926 at which time letters addressed to the company's office at P. O. 2240 Bisbee, Arizona, were returned and marked "unclaimed." As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Santa Clara Sugar Company. Incorporated in Delaware January 30, 1922. In May of 1922 it was reported that the company issued $1,500,000 of 7% Notes and $10,000,000 of 6% Notes. The company apparently defaulted in interest on their notes, for, on June 15, 1927, pursuant to a decree of the U. S. District Court for the Southern District of New York, the collateral pledged under the above notes, were sold by special master on July 27, 1927. There was no equity left for stockholders. The company's charter was forfeited in 1929, and proclaimed by the Governor on January 17, 1930. It is our opinion that the shares are worthless.

Santa Emilia Copper Company. Incorporated Delaware September 28, 1899 with a capital of $1,000,000 and had an office at 60 Wall St., New York City. The company's property consisted of 83 acres in the Tacambaro district. John A. Kennedy, President; Albert J. Peyton, Vice-Pres. A report in 1907 stated that the mines had not shown ore in payable quantities, but the management was said to consider the situation encouraging. In 1911 it was reported that this company was controlled by the same people that promoted the Natividad Mining Company and the Dona Louisa Copper & Gold Mining Co., which were swindles, and apparently this company is but little better. At last accounts the company was reported idle and presumably moribund. We believe the shares worthless.

Santa Fe Salt Company. Incorporated — Ohio. The charter of this company was cancelled November 15, 1927 for failure to file report for 1927. It later made the report for that year, but to date has not completed the reinstatement of its charter. According to the 1927 report the following were the offices: President, Fred W. Hartwig, Ft. Thomas, Ky.; Secretary, O. H. Stewart, Richman Bldg.; Pomeroy, Ohio; Treasurer, C. E. Peoples, Pomeroy, Ohio. We are advised by the former Secretary Mr. O. H. Stewart that he is now Receiver for the company. He further advises us as follows: No move has been made as yet to sell the property. The oil and gas development in Oklahoma is traveling toward this property. It is the

Saunders, Clarence Stores, Inc.	This company appears to have been solvent when it went into the hands of receivers July 15, 1930. On that date assets totaled $1,518,958 in excess of liabilities according to a report filed in U. S. District Court, August 18th by Leslie M. Stratton and Jos. R. Peters, Receivers located in Memphis. It was announced August 17, 1930 by Clarence Saunders that the Clarence Saunders Corporation had agreed to purchase $500,000 in notes held by Eastern Banking Syndicate against Clarence Saunders Stores, Inc. At present we are unable to find an active market for the stock and suggest you communicate with the company at Memphis, Tenn., for further information.
